Fair Market Rents for New Construction and Substantial Rehabilitation; All Market Areas Section 8 Projects

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of Assistant Secretary for Housing—Federal Housing Commissioner

[24 CFR Part 888]

[Docket No. R-79-677]

Fair Market Rents for New Construction and Substantial Rehabilitation; All Market Areas Section 8 Projects

AGENCY: Office of Assistant Secretary for Housing-Federal Housing Commissioner, Department of Housing and Urban Development (HUD).

ACTION: Proposed rule.

SUMMARY: This Proposed Rule will amend the Section 8 Fair Market Rents applicable to New Construction and Substantial Rehabilitation for all Market Areas. The Proposed Fair Market Rents are intended to reflect the changes which have occurred in the general levels of market rents for recently completed or newly constructed dwelling units within each market area since their last annual or special (interim) revision.

DATE: July 3, 1979. Comments should be filed by this deadline with the Rules Docket Clerk at the above address.

ADDRESS: Rules Docket Clerk, Office of General Counsel, Room 5218, Department of Housing and Urban Development, 451 7th Street, SW, Washington, D.C. 20410.

FOR FURTHER INFORMATION CONTACT: Edward M. Winiarski, Supervisory Appraiser, Valuation Branch, Technical Support Division, Office of Multifamily Housing Development, 451–7th Street, S.W., Washington, D.C. 20410. (202) 755–5743. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: This proposed rule would establish revised section 8 Fair Market Rents applicable to new construction and substantial rehabilitation for all market areas in compliance with the requirements of section 8(c)(1) of the U.S. Housing Act of 1937 and implementing regulations that Fair Market Rents be established and published in the **Federal Register** at least annually.

These Fair Market Rents are based primarily on the levels of rental paid for recently completed or newly constructed dwelling units of modest design within each market area as determined by HUD Field Office staff. They are estimates of the rentals that prospective tenants who have income above 80 percent of the median income would be willing and able to pay for recently completed or newly constructed dwelling units of modest design. Families with incomes 80% or less of the median income for the area, with certain adjustments, may be eligible for housing assistance under the section 8 programs. The last annual revision was published June 13, 1978, effective April 1, 1978. After consideration of comments received as a result of this publication, revised rents will be published effective April 1, 1979.

The Proposed Rule includes Fair Market Rents for 0, 1, 2, 3, and 4 or more bedroom units in five structural categories (detached, semi-detached/row, walkup, elevator 2–4 story, and elevator 5+ story.) However, Departmental policy discourages construction of high-rise family projects. For the McAlester, Oklahoma market area only, Fair Market Rents are included for mobile homes.

Proposals involving combinations of structure type and unit size by bedroom count for which Fair Market Rents have not been published for effect may not be approved until publication of the applicable Fair Market Rents, first for comment and then for effect.

Interested parties are encouraged at all times to submit information and data on Fair Market Rents which will be considered in initiating revisions as needed. It has been determined that because of the immediate need to provide revised Fair Market Rents in order to meet this year's departmental Production goals for assisted housing reservations and starts, a 15-day comment period is reasonable and in the public interest. A Finding of Inapplicability respecting the National Environmental Policy Act of 1969 has been made in accordance with HUD procedures. A copy of this Finding of Inapplicability will be available for public inspection during regular business hours at the Office of the Rules Docket Clerk at the address set forth above.

It is therefore proposed that Schedule A of Part 888 be amended as set for below.

(Sec. 7(d), Department of HUD Act (42 U.S.C. 3535(d))

Issued at Washington, D.C., on May 4, 1979.

Lawrence B. Simons,

Assistant Secretary for Housing-Federal Housing Commissioner.

Schedule A—Fair Market Rents for New Construction and Substantial Rehabilitation (Including Housing Finance and Development Agencies Program)

These Fair Market Rents have been trended ahead 2 years to allow time for processing and construction of proposed new construction and substantial rehabilitation rental projects.

Note.—The Fair Market Rents for (1) dwelling units designed for the elderly or handicapped are those for the appropriate size units, not to exceed 2-bedroom for the elderly, multiplied by 1.05 rounded to the next higher whole dollar, (2) congregate housing dwelling units are the same as for non-congregate units, and (3) single room occupancy dwelling units are those for 0-bedroom units of the same type.
